

The Somervell County Master Gardeners and Native Plant Society present:

Community Horticultural Educational Series

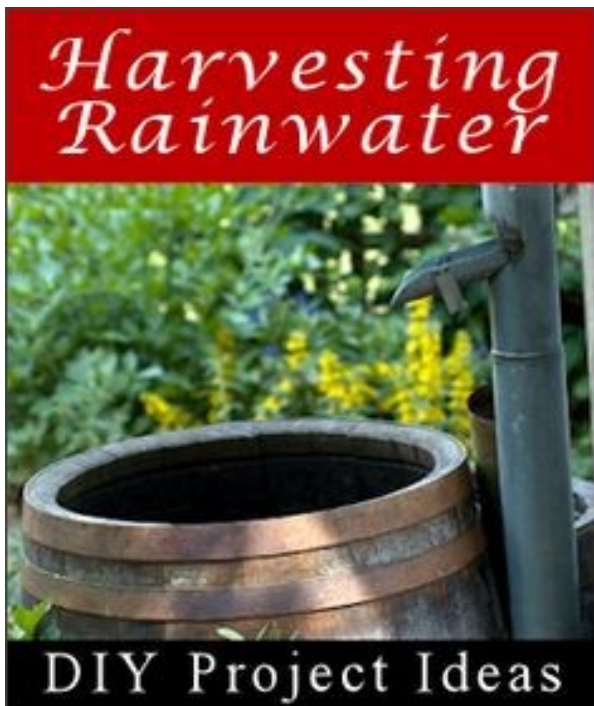

Monthly **CHES** meetings are speaker-based lectures for the residents of Somervell and surrounding counties. The seminars allow attendees the opportunity to ask questions, have a hands-on experience, and receive up to date information on horticultural issues relative to our area. We strive to have speakers who make our programs fun, educational, and will encourage attendees to use the same practices in their homes.
